

MANIKANTA SIDDAROOD

Data Analyst | Data Science

Bengaluru, Karnataka | +91-9606367967 | manikanta45344@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Detail-oriented B.E. Graduate in Artificial Intelligence & Machine Learning (CGPA 8.12/10) with hands-on experience building interactive Power BI dashboards and applying Python and SQL for data analysis. Skilled in data cleaning, DAX measure creation, KPI design, and dashboard storytelling. Seeking a fresher role in Data Analytics or Data Science to turn raw data into actionable business insights.

EDUCATION

B.E., Artificial Intelligence & Machine Learning Dec 2022 - May 2026

Rajarajeswari College of Engineering, Bengaluru, Karnataka | CGPA: 8.12/10

Pre-University Education (Science Stream) 2020 - 2022

Empower PU College, Dharwad, Karnataka

Class 10 (SSLC) 2019 - 2020

Gnana Vikas School, Kudithini, Bellary, Karnataka

TECHNICAL SKILLS

Programming Languages: Python, SQL (MySQL)

Data Analysis & Visualization: Power BI, Tableau, DAX, Excel (Pivot Tables, VLOOKUP), Data Analysis, Data Visualization, Dashboard Design, KPI Design, EDA (Exploratory Data Analysis), Time Series Forecasting, Statistics, Data Modeling, Business Intelligence, ETL

Machine Learning & AI: Machine Learning in Python, Model Training and Evaluation, Prompt Engineering, Generative AI

Databases: MySQL, DBMS (Database Management Systems)

Development Tools: Jupyter Notebook, Google Colab, MySQL Workbench, Microsoft PowerPoint

Soft Skills: Communication, Continuous Learning, Team Collaboration, Problem Solving

EXPERIENCE

Android App Development Intern (Generative AI) — MindMatrix Feb 2026 - May 2026

MindMatrix (CL Infotech Pvt. Ltd.), Bengaluru, Karnataka (Remote) | VTU-affiliated internship program

- Built Android application features using Kotlin and Jetpack Compose as part of an industry-aligned, project-based internship curriculum.
- Explored Generative AI (GenAI) capabilities for application development using Google AI Studio and Google Cloud Labs.
- Practiced UI/UX design and application prototyping, iterating through feature development, debugging, and enhancement cycles.
- Integrated Firebase into an Android project and performed testing following standard Android development workflows.
- Tracked app usage and testing data, documenting bugs, feature outcomes, and improvement metrics to support data-driven decisions during development cycles.

PROJECTS

HR Analytics Dashboard github.com/mani064/HR-Analytics-Report Apr 2026 - May 2026

Power BI · DAX · Excel | Developer — Data Analysis, Dashboard Design

- Developed an interactive HR Analytics dashboard in Power BI to analyze employee attrition and workforce trends across 1,470 employee records.
- Created DAX measures for Attrition Count and Attrition Rate (16.1%), along with average age, salary, and tenure metrics.
- Designed KPI cards, bar/column/donut/area charts, and matrix visuals; implemented filters and slicers for department- and gender-level analysis.

- Identified high attrition concentrated in R&D and Sales, early-tenure employees, and lower salary bands, providing insights for retention strategy.

Superstore Sales Dashboard github.com/mani064/Superstore-Sales-Dashboard

Apr 2026 - May 2026

Power BI · DAX · Excel | Developer — Data Analysis, Forecasting, Dashboard Design

- Built an interactive Superstore Sales dashboard in Power BI analyzing performance across regions, customer segments, product categories, and shipping types.
- Created DAX measures for Total Sales (1.57M), Total Profit (175K), Quantity Sold (22K), and Average Delivery Time.
- Designed KPI cards and bar, line, donut, map, and area chart visuals; implemented region-wise filters and slicers (Central, East, South, West).
- Performed time series analysis to generate a 15-day sales forecast, and surfaced insights on payment mode, segment, and shipping-class trends to support strategic planning.

CERTIFICATIONS

- Python Machine Learning — Princeton Smart Technologies
- Prompt Engineering Fundamentals — Databricks
- SQL for Data Analysis — Udemy

UPSKILLING / ONGOING LEARNING

- Data Analyst Program — VTricks Technology (Ongoing)
